

**WILMINGTON UNIVERSITY
COLLEGE OF TECHNOLOGY
BASIC COURSE INFORMATION**

COURSE TITLE: Emerging Tech and Communication

COURSE NUMBER: COM 6100

I. MAJOR INSTRUCTIONAL GOALS:

GOAL A: Understand the evolutionary relationship between technology and communication

Learning Outcomes: The student will:

- A-1. Examine the historical relationship between technology and communication
- A-2. Identify how technology affects communication

GOAL B: Illustrate the ability to utilize emerging technology to effectively communicate

Learning Outcomes: The student will:

- B-1. Compare technology-based communication platforms
- B-2. Develop specialized communication relative to the technology platform
- B-3. Communicate using multiple modes of technology

GOAL C: Review the landscape of new technology being used in the digital communication field

Learning Outcomes:

Describe the status of technology in the digital communication field

CLASS PARTICIPATION:

Students are expected to attend class and participate actively and in a positive way. Questions and relevant observations are encouraged and enrich the experience of the entire class.

Computers in the classrooms are intended to be used as tools to enhance the students' learning experience. Instant messaging, gaming, emailing, and surfing the web are distractions to the student, the surrounding students, and the instructor and constitute inappropriate behavior. Students are ethically obliged to avoid these and similar practices.
