

**WILMINGTON UNIVERSITY  
COLLEGE OF TECHNOLOGY  
BASIC COURSE INFORMATION**

**COURSE TITLE:** Advanced Photography

**COURSE NUMBER:** TEC 300

**I. MAJOR INSTRUCTIONAL OBJECTIVES:**

**Objective A:** To develop the photographic eye

- A-1 Differentiate decisions regarding depth of field, aperture, angles and light while making images
- A-2. Create images that defy conventional views of art and beauty

**Objective B:** To further an appreciation for the aesthetics of the medium

- B-1. Compare photography to the traditional arts
- B-2. Investigate the history of photography
- B-3. Describe technical and artistic decisions in images

**II. CLASS PARTICIPATION:**

**students' learning experience. Instant messaging, gaming, emailing, and social media are distractions to the student, the surrounding students, and the instructor. Inappropriate behavior. Students are ethically obliged to avoid these practices.**

**External Storage Requirement:**

Students are required to supply their own external storage (i.e., SD card, external drive, etc.) See Course Canvas page for instructor's directive for your course. SD cards are NOT supplied with cameras and video equipment.

**Equipment required for this course:**

Digital cameras will be provided during class sessions. A personally owned camera with manual functions would be helpful for outside assignments.
